Introduction

On June 26, 2020, the New Jersey Department of Education (NJDOE) published “The Road Back – Restart and Recovery Plan for Education” (NJDOE Guidance), a Guidance document to assist New Jersey school districts to develop, in collaboration with community stakeholders, a Restart and Recovery Plan (Plan) to reopen schools in September 2020 that best fits the school district's local needs. The NJDOE Guidance presents information for New Jersey public school districts related to four key subject areas: Conditions for Learning; Leadership and Planning; Policy and Funding; and Continuity of Learning.

The Sea Girt Board of Education Restart and Recovery Plan (*The Road Back – Sea Girt Elementary School Restart Plan*) has been developed to be consistent with the requirements in the NJDOE Guidance with consideration to the school district’s local needs in order to ensure school reopens safely and is prepared to accommodate students' unique needs during this unprecedented time.

To ensure consistency with respect to the health and safety of school communities across the State, the NJDOE Guidance speaks specifically to health and safety measures identified as "anticipated minimum standards." These “anticipated minimum standards” are items the NJDOE Guidance recommends a school district incorporate into the Plan as definite components related to health, safety, and operations. Through this established set of Statewide standards, the NJDOE can ensure the State's educational health does not come at the expense of public health. The “anticipated minimum standards” in the NJDOE Guidance are listed and have been incorporated into the school district’s locally developed Plan.

The NJDOE Guidance also provides “considerations” that may help school officials in strategizing ways to adhere to the “anticipated minimum standards”, but do not represent necessary components of the Plan. These “considerations” are not listed in the school district Plan, but school officials have reviewed and incorporated the “considerations” included in the NJDOE Guidance when developing the Plan.

The NJDOE Guidance uses the term “should” throughout the document when referencing “anticipated minimum standards ... that school districts should incorporate into their reopening plans as definitive components related to health, safety, and operations.” Therefore, those provisions in the NJDOE Guidance listed as “anticipated minimum standards” have been interpreted to be required components in the Plan.

The NJDOE Guidance uses the term “school districts” or “schools” or “districts” when referring to the completion of tasks. For example, “districts must develop a schedule for increased routine cleaning and disinfection.” This Plan assigns the responsibility for completing tasks to “school officials” which would be the Superintendent of Schools or a designee of the Superintendent of Schools.

The NJDOE Guidance requires a Board Policy to address several elements outlined in the NJDOE Guidance. The Board of Education has adopted Board Policy 1648 – Restart and

Sea Girt Elementary School Restart Plan 2020-2021

Recovery Plan; Board Policy 1648.02 – Remote Learning Options for Families; and, Board Policy 1649 – Federal Families First Coronavirus (COVID-19) Response Act (FFCRA) that include the policies required in the NJDOE Guidance.

This Plan is aligned with the requirements outlined in the NJDOE Guidance. The Appendices section of this Plan include the school district's unique and locally developed protocols to ensure school reopens safely and is prepared to accommodate staff and students' unique needs during this unprecedented time. Also included in the Appendices section is a chart that includes all websites and outside guidance information that are listed in the NJDOE Guidance.

The requirements outlined in the NJDOE Guidance and incorporated into this Plan are controlled by Executive Order of the Governor of New Jersey and are subject to change.

SEA GIRT ELEMENTARY SCHOOL'S RESTART AND RECOVERY PLAN

The Plan addresses four key subject areas:

- A. Conditions for Learning;
- B. Leadership and Planning;
- C. Policy and Funding; and
- D. Continuity of Learning.

A. Conditions for Learning

Conditions for learning involve the social, emotional, and environmental factors that can impact educator capacity to teach and student capacity to learn, including standards for maintaining healthy and safe school conditions. As schools reopen, the impact of social isolation on both educators and students is a key area of concern.

Conditions for Learning include: Health and Safety – Standards for Establishing Safe and Healthy Conditions for Learning; and Academic, Social, and Behavioral Supports

1. Health and Safety – Standards for Establishing Safe and Healthy Conditions for Learning; and Academic, Social, and Behavioral Supports

The Health and Safety Section of the Board's Plan identifies Ten Critical Areas of Operation which the Board has addressed in the Plan: General Health and Safety Guidelines; Classrooms, Testing, and Therapy Rooms; Transportation; Student Flow, Entry, Exit, and Common Areas; Screening, PPE, and Response to Students and Staff Presenting Symptoms; Contact Tracing; Facilities Cleaning Practices; Meals; Recess/Physical Education; and Field Trips, Extra-Curricular Activities, and Use of Facilities Outside School Hours.

Throughout this Health and Safety Section, the provisions marked "anticipated minimum standards" as outlined in the NJDOE Guidance have been incorporated into the Board's Plan and related protocols, as applicable.

The Health and Safety section of the NJDOE Guidance also provided "additional considerations" to assist school officials in considering ways to adhere to the anticipated minimum standards. These provisions are also consistent with the Board's general obligation to ensure the health and safety of its students and staff pursuant to N.J.S.A. 18A:40-6 and N.J.A.C.

Sea Girt Elementary School Restart Plan 2020-2021

6A:16-2.1. District officials should abide by the advice of local health officials to determine the safest course of action based on local circumstances, which will change as the public health landscape evolves. The health and safety of students and staff is the number one priority and has guided all decisions of the Board's Plan.

Ten Critical Areas of Operation

a. Critical Area of Operation #1 - General Health and Safety Guidelines
– Anticipated Minimum Standards Incorporated into the Plan

(1) In all stages and phases of pandemic response and recovery, the Centers for Disease Control and Prevention (CDC) recommends the following actions:

(a) School officials will establish and maintain communication with local and State authorities to determine current mitigation levels in the community.

(b) School officials will ensure staff and students who are at higher risk for severe illness are protected and supported, such as providing options for telework and virtual learning.

(c) The CDC's Guidance for Schools and Childcare Programs, if applicable, will be followed.

(d) The Board promotes behaviors that reduce the spread of COVID-19 such as encouraging staff and students to stay home when appropriate; encouraging the practice of hand hygiene and respiratory etiquette; requiring the use of face coverings; and signs and messages in and around school buildings.

(e) Reasonable accommodations will be provided for individuals that the CDC identifies as having a higher risk for severe illness from COVID-19, including older adults (aged 65 years and older) and individuals with disabilities or serious underlying medical conditions, which may include:

(i) Chronic lung disease or asthma (moderate to severe);

(ii) Serious heart conditions;

(iii) Immunocompromised;

Sea Girt Elementary School Restart Plan 2020-2021

- (iv) Severe obesity (body mass index, or BMI, of 40 or higher);
- (v) Diabetes;
- (vi) Chronic kidney disease undergoing dialysis;
- (vii) Liver disease;
- (viii) Medically fragile students with Individualized Education Programs (IEPs);
- (ix) Students with complex disabilities with IEPs; or
- (x) Students who require accommodations under a Plan in accordance with the Section 504 of the Rehabilitation Act of 1973 (504 Plan).

[See Appendix A – Critical Area of Operation #1 – General Health and Safety Guidelines]

- b. Critical Area of Operation #2 – Classrooms, Testing, and Therapy Rooms – Anticipated Minimum Standards Incorporated into the Plan
- (1) Schools in the district will allow for social distancing within the classroom to the maximum extent practicable. This will be achieved by ensuring students are seated at least six feet apart. If not able to maintain this physical distance, additional modifications will be considered including using physical barriers between desks, turning desks to face the same direction (rather than facing each other), and/or having students sit on only one side of the table, spaced apart.
 - (2) Face coverings will be required for students, visitors, and staff unless it will inhibit the individual's health.
 - (a) Enforcing the use of face coverings may be difficult for young children or individuals with disabilities.
 - (3) All instructional and non-instructional rooms in schools and district facilities must comply with social distancing standards to the maximum extent practicable.
 - (4) Use of shared objects should be limited when possible or cleaned between use.

Sea Girt Elementary School Restart Plan 2020-2021

- (5) All indoor facilities will have adequate ventilation, including operational heating and ventilation systems where appropriate. Recirculated air must have a fresh air component, windows will be opened, if practical, and filter(s) for A/C units must be maintained and changed according to manufacturer recommendations.
- (6) Hand sanitizing stations with alcohol-based hand sanitizers (at least 60% alcohol). Such stations should be:
 - (a) In each classroom (for staff and older children who can safely use hand sanitizer).
 - (b) At entrances and exits of buildings.
 - (c) Near lunchroom and toilets.
 - (d) Children ages five and younger should be supervised when using hand sanitizer.
 - (e) For classrooms that have existing handwashing stations, stations should be prepared with soap, water, and alcohol-based hand sanitizers (at least 60% alcohol).
- (7) School officials should develop a school-wide plan where students are required to wash hands for at least twenty seconds at regular intervals during the school day and always before eating, after using the bathroom, and after blowing their nose, coughing, and/or sneezing.
 - (a) If washing with soap and water is not possible, washing with an alcohol-based hand sanitizer (at least 60% alcohol) should be used.

[See Appendix B – Critical Area of Operation #2 – Classroom, Test, and Therapy Rooms]

- c. Critical Area of Operation #3 – Transportation – Anticipated Minimum Standards Incorporated into the Plan

The district does not provide transportation.

[See Appendix C – Critical Area of Operation #3 – Transportation]

Sea Girt Elementary School Restart Plan 2020-2021

d. Critical Area of Operation #4 – Student Flow, Entry, Exit, and Common Areas – Anticipated Minimum Standards Incorporated into the Plan

- (1) The Board's Plan should establish the process and location for student and staff health screenings.
- (2) If physical distancing (six feet apart) cannot be maintained for individuals in line waiting to enter or exit a building, face coverings shall be worn while in the line.
- (3) The school will provide physical guides, such as tape on floors or sidewalks and signs on walls, to help ensure that staff and students remain at least six feet apart in lines and at other times (e.g. guides for creating "one-way routes" in hallways).

[See Appendix D – Critical Area of Operation #4 – Student Flow, Entry, Exit, and Common Areas]

e. Critical Area of Operation #5 – Screening, Personal Protection Equipment (PPE), and Response to Students and Staff Presenting Symptoms – Anticipated Minimum Standards Incorporated into the Plan

- (1) The school district will adopt Board Policy 1648 regarding the screening procedures for students and employees upon arrival at school or work location for symptoms and history of exposure. These screening procedures must include the following:
 - (a) Staff must visually check students for symptoms upon arrival (which may include temperature checks) and/or confirm with families that students are free of COVID-19 symptoms.
 - (b) Health checks must be conducted safely and respectfully, and in accordance with any applicable privacy laws and regulations.
 - (c) Results must be documented when signs/symptoms of COVID-19 are observed.
 - (d) Any screening policy/protocol must take into account students with disabilities and accommodations that may be needed in the screening process for those students.

Sea Girt Elementary School Restart Plan 2020-2021

- (2) The Board must adopt procedures for symptomatic staff and students, which shall include the following:
 - (a) Students and staff with symptoms related to COVID-19 must be safely and respectfully isolated from others. School officials will follow current Communicable Disease Service guidance for illness reporting.
 - (b) If the school district becomes aware that an individual who has spent time in a district facility tests positive for COVID-19, officials must immediately notify local health officials, staff, and families of a confirmed case while maintaining confidentiality.
 - (c) The procedures the district will use when someone tests positive for COVID-19 will include written procedures detailing the district's COVID-19 related response for symptomatic students and staff. The procedures must be consistent with the district's contact tracing procedures (see "Critical Area of Operation #6 – Contact Tracing") to the maximum extent practicable. The procedure includes:
 - (i) Establishment of an isolation space. Students and staff with symptoms related to COVID-19 must be safely and respectfully isolated from others. Students should remain in isolation with continued supervision and care until picked up by an authorized adult.
 - (ii) Following current Communicable Disease Service guidance for illness reporting.
 - (iii) An adequate amount of PPE shall be available, accessible, and provided for use.
 - (iv) Methods to assist in contact tracing including records of groups/cohorts, assigned staff, and daily attendance.
 - (v) Continuous monitoring of symptoms.
 - (vi) Re-admittance policies consistent with Department of Health guidance and information for schools and Department of Health/Communicable Disease Service's Quick Reference Guidance on Discontinuation of

Sea Girt Elementary School Restart Plan 2020-2021

Transmission-Based Precautions and Home Isolation for Persons Diagnosed with COVID-19.

- (vii) Written protocols to address a positive case.
- (3) School officials will encourage parents to be on alert for signs of the illness in their children and to keep their child home when they are sick.
- (4) School staff and visitors are required to wear face coverings unless doing so would inhibit the individual's health or the individual is under two years of age.
- (5) Students are required to wear face coverings, unless doing so would inhibit the student's health. It is also necessary to acknowledge that enforcing the use of face coverings may be impractical for young children or individuals with disabilities.
 - (a) Accommodation for students who are unable to wear a face covering should be addressed according to that student's need and in accordance with all applicable laws and regulations.
- (6) Exceptions to requirements for face coverings shall be as follows:
 - (a) Doing so would inhibit the individual's health.
 - (b) The individual is in extreme heat outdoors.
 - (c) The individual is in water.
 - (d) A student's documented medical condition, or disability as reflected in an IEP, precludes the use of face covering.
 - (e) The student is under the age of two and could risk suffocation.
- (7) If a visitor refuses to wear a face covering for non-medical reasons and if such covering cannot be provided to the individual the point of entry, the visitor's entry to the school/district facility may be denied.

[See Appendix E – Critical Area of Operation #5 – Screening, PPE, and Response to Students and Staff Presenting Symptoms]

Sea Girt Elementary School Restart Plan 2020-2021

f. Critical Area of Operation #6 – Contact Tracing

- (1) The NJDOE Guidance does not include any “anticipated minimum standards” for contact tracing. However, all school and district administrators, school safety specialists, counselors, and any other staff deemed appropriate by the Superintendent or designee should be provided information regarding the role of contact tracing conducted by State, county, and local officials.
- (2) School officials should engage the expertise of their school nurses on the importance of contact tracing.
- (3) The NJDOE will credit certified School Safety Specialists with three hours of training upon completion of Johns Hopkins University's COVID-19 Contact Tracing course.

[See Appendix F – Critical Area of Operation #6 – Contact Tracing]

g. Critical Area of Operation #7 – Facilities Cleaning Practices – Anticipated Minimum Standards Incorporated into the Plan

- (1) School officials must continue to adhere to existing required facilities cleaning practices and procedures, and any new specific requirements of the local health department as they arise.
- (2) The Board’s Plan and Policy will establish cleaning/disinfecting schedules, targeted areas to be cleaned, and methods and materials to be used including:
 - (a) A schedule for increased routine cleaning and disinfection.
 - (b) Routinely cleaning and disinfecting surfaces and objects that are frequently touched. This may include cleaning objects/surfaces not ordinarily cleaned daily (e.g. doorknobs, light switches, classroom sink handles, countertops).
 - (c) Use of all cleaning products according to the directions on the label. For disinfection, most common EPA-registered household disinfectants should be effective. A list of products that are EPA-approved for use against the virus that causes COVID-19 is available on the EPA's website.

Sea Girt Elementary School Restart Plan 2020-2021

- (d) Follow the manufacturer's instructions for all cleaning and disinfection products (e.g. concentration, application method, and contact time, etc.). Examples of frequently touched areas in schools are:
 - (i) Classroom desks and chairs;
 - (ii) Lunchroom tables and chairs;
 - (iii) Door handles and push plates;
 - (iv) Handrails;
 - (v) Kitchens and bathrooms;
 - (vi) Light switches;
 - (vii) Handles on equipment (e.g. athletic equipment);
 - (viii) Buttons on vending machines and elevators;
 - (ix) Shared telephones;
 - (x) Shared desktops;
 - (xi) Shared computer keyboards and mice;
 - (xii) Drinking fountains; and
 - (xiii) School bus seats and windows.
- (e) Sanitize bathrooms daily, or between use as much as possible, using protocols outlined by the Environmental Protection Agency (EPA).

[See Appendix G – Critical Area of Operation #7 – Facilities Cleaning Practices]

- h. Critical Area of Operation #8 – Meals – Anticipated Minimum Standards Incorporated into the Plan
 - (1) If cafeterias or group dining areas are used in the school district, the school district will incorporate the following into the Board's Plan, if applicable:
 - (a) Stagger times to allow for social distancing and clean and disinfect between groups.

Sea Girt Elementary School Restart Plan 2020-2021

- (b) Discontinue family style, self-service, and buffet.
- (c) Clean and sanitize tables/surfaces between each meal service, pursuant to the protocols outlined by the EPA.
- (d) Space students at least six feet apart.
- (e) Require individuals must wash their hands after removing their gloves or after directly handling used food service items.

[See Appendix H – Critical Area of Operation #8 – Meals]

- i. Critical Area of Operation #9 – Recess/Physical Education – Anticipated Minimum Standards Incorporated into the Plan
 - (1) The Board’s Plan regarding recess and physical education should include protocols to address the following:
 - (a) Stagger recess, if necessary.
 - (b) If two or more groups are participating in recess at the same time, there will be at least six feet of open space between the two groups.
 - (c) The use of cones, flags, tape, or other signs to create boundaries between groups.
 - (d) A requirement that all individuals always wash hands immediately after outdoor playtime.
 - (e) Stagger the use of playground equipment and establish a frequent disinfecting protocol for all playground equipment used by students.
 - (f) Complete an inventory of outdoor spaces (athletic fields, track, green spaces, open space, and local parks) and designate zones, use stations, mark off areas, floor markers, floor tape, poly spots, etc., to ensure separation among students (six feet apart for social distancing).
 - (g) Locker rooms may be closed to mitigate risk and prohibit students and staff from confined spaces with limited ventilation and/or areas with large amounts of high contact surfaces.

Sea Girt Elementary School Restart Plan 2020-2021

- (i) If it is not feasible to close locker rooms the district will stagger the use and clean and disinfect between use.
 - (ii) Students may be encouraged to wear comfortable clothing and safe footwear to school that allows for safe movement and is appropriate for the weather in order to participate in physical education without the use of a locker room.
- (2) The school district will mitigate risk, limit and/or eliminate direct contact with equipment (lessons with no equipment), and will not allow sharing of equipment. If equipment must be shared, the equipment will be cleaned and disinfected between each use.
- (3) The school district will designate specific areas for each class during recess to avoid cohorts mixing.

[See Appendix I – Critical Area of Operation #9 – Recess/Physical Education]

j. Critical Area of Operation #10 – Field Trips, Extra-Curricular Activities, and Use of Facilities Outside of School Hours – Anticipated Minimum Standards Incorporated into the Plan

- (1) The Board’s Plan should adhere to all applicable social distancing requirements and hygiene protocols during any extra-curricular activities. Field Trips will not be approved until the health crisis has improved.
- (2) The Board of Education requires any external community organizations that use school/district facilities to follow district guidance on health and safety protocols. Facility Usage will not be approved until the health crisis has improved.

[See Appendix J – Critical Area of Operation #10 – Field Trips, Extra-Curricular Activities, and Use of Facilities Outside of School Hours]

2. Academic, Social, and Behavioral Supports

In addition to taking the steps listed in the Health and Safety Guidelines section to protect students’ and educators’ physical health, leaders must also consider the impact of social isolation on both educators and students.

Sea Girt Elementary School Restart Plan 2020-2021

School officials are not mandated to develop protocols for these elements as these elements are not “anticipated minimum standards” in the NJDOE Guidance. However, the NJDOE recommends school officials consider the following elements while developing the Board’s Plan.

While only a small introduction to these elements is included in this Plan, a more detailed explanation and further considerations in the NJDOE Guidance are under the Academic, Social, and Behavioral Supports section to reference as the Plan is being developed. School officials may use the supports listed in the NJDOE Guidance.

The elements listed below in A.2.a. through A.2.e. provide an explanation for school officials to indicate if the strategy is:

- Not being utilizing
- Being developed by school officials
- Currently being utilizing

There is space provided below in A.2.a. through A.2.e. for a brief explanation of the school district’s status for each element.

[See Appendix K – Supplemental Materials and Explanations for Academic, Social, and Behavioral Supports]

a. Social Emotional Learning (SEL) and School Culture and Climate

SEL will be critical in re-engaging students, supporting adults, rebuilding relationships, and creating a foundation for academic learning.

Not Being Utilized

Being Developed by School Officials

Currently Being Utilized

b. Multi-Tiered Systems of Support (MTSS)

MTSS is a systematic approach to prevention, intervention, and enrichment in grades Pre-K through twelve for academics and behavior that offers educators and families a mechanism to identify individual students who need extra support.

Not Being Utilized

Being Developed by School Officials

Currently Being Utilized

Sea Girt Elementary School Restart Plan 2020-2021

c. Wraparound Supports

Wraparound services differ from traditional school-based services in their comprehensive approach to addressing the academic, behavioral, and social-emotional needs of students with interventions both inside and outside of the school environment.

Not Being Utilized

Being Developed by School Officials

Currently Being Utilized

d. Food Service and Distribution

School meals are critical to student health and well-being, especially for low-income students. The NJDOE considers it a moral imperative to ensure the seamless and continuous feeding of students during all phases of school reopening.

Not Being Utilized

Being Developed by School Officials

Currently Being Utilized

e. Quality Child Care

Child care will be needed as schools reopen, particularly in instances where modified school schedules may increase the likelihood that families who otherwise would not utilize child care will now require it.

Not Being Utilized

Being Developed by School Officials

Currently Being Utilized

Options being explored by district

[See Appendix K – Supplemental Materials and Explanations for Academic, Social, and Behavioral Supports]

Sea Girt Elementary School Restart Plan 2020-2021

B. Leadership and Planning

The Leadership and Planning Section of the Board's Plan references guidance, requirements, and considerations for the school district regarding district and school-wide logistical and operational issues with which administrators will contend in planning to reopen schools.

The provisions marked "anticipated minimum standards" as outlined in the Guidance have been incorporated into the Board's Plan and corresponding protocols, as applicable.

The Leadership and Planning section of the Guidance also provided "additional considerations" that assisted school officials in considering ways to adhere to the "anticipated minimum standards".

1. Establishing a Restart Committee

- a. A Restart Committee should be established as collaboration is critical to the development of the Board's Plan.
- b. The Restart Committee should include school district and school-level administrators, members of the local Board of Education or Charter School Board of Trustees, the Presidents of the local education associations or their designees of the local education associations, and a diverse set of content experts, educators, parents, and students.
- c. The Restart Committee should work closely with the School Pandemic Response Teams, Local Health Department, and others in municipal and county government as necessary to develop the district Plan. Restart Committees and Pandemic Response Teams should help address policies and procedures for the Board's Plan.
- d. The Restart Committee should reflect the diversity of the school community, including those representing students with disabilities, whose families speak languages other than English at home, and who reflect diverse racial, ethnic, and socioeconomic demographics.
- e. The Restart Committee may consider developing subcommittees to focus on age or grade-level specific needs, school specific needs, or to address issues of importance such as medically fragile students or staff.

[See Appendix L – Restart Committee]

Sea Girt Elementary School Restart Plan 2020-2021

2. Pandemic Response Teams
 - a. School-based Pandemic Response Teams should be established in each school in the district to centralize, expedite, and implement COVID-19 related decision-making.
 - b. Each school team will have a liaison that reports to district-level administrators to ensure coordinated actions across the district.
 - c. Members of the school teams should include a cross section of administrators, teachers, staff, and parents.
 - d. Pandemic Response Teams should represent a cross-section of the school and district, including its gender and racial diversity, as decision-making and communication will be more effective if decision-makers reflect the make-up of the community.
 - e. If a school has an existing Crisis Response Team, that Team may serve as the Pandemic Response Team.
 - f. Pandemic Response Team should be comprised of, at a minimum, the following members, if applicable:
 - (1) School Principal or Lead Person;
 - (2) Teachers;
 - (3) Child Study Team member;
 - (4) School Counselor or mental health expert;
 - (5) Subject Area Chairperson/Director;
 - (6) School Nurse;
 - (7) Teachers representing each grade band served by the school district and school;
 - (8) School safety personnel;
 - (9) Members of the School Safety Team;
 - (10) Custodian; and
 - (11) Parents.

Sea Girt Elementary School Restart Plan 2020-2021

- g. The Pandemic Response Team is responsible for:
 - (1) Overseeing each school's implementation of the Plan, particularly health and safety measures, and providing safety and crisis leadership.
 - (2) Adjusting or amending school health and safety protocols as needed.
 - (3) Providing staff with needed support and training.
 - (4) Reviewing school level data regarding health and safety measures and the presence of COVID-19 and reporting that data to the district as required.
 - (5) Developing and implementing procedures to foster and maintain safe and supportive school climates as necessitated by the challenges posed by COVID-19.
 - (6) Providing necessary communications to the school community and to the school district.
 - (7) Creating pathways for community, family, and student voices to continuously inform the Team's decision-making.
- h. The Pandemic Response Team should meet regularly and provide the community with timely updates and any changes to protocols.

[See Appendix M – Pandemic Response Team]

3. Scheduling

- a. The Board's Plan must account for resuming in-person instruction. Scheduling decisions should be informed by careful evaluation of the health and safety standards and the most up-to-date guidance from the New Jersey Department of Health (NJDOH), as well the input of stakeholders about the needs of all students and the realities unique to this district.
- b. Virtual learning will continue to be guided by P.L. 2020, c.27 and the school district's updated Emergency Closure School Preparedness Plan if schools are required to deliver instruction through a fully virtual environment during limited periods throughout the school year due to a local or Statewide public health emergency.

Sea Girt Elementary School Restart Plan 2020-2021

- (1) In accordance with N.J.A.C. 6A:32-8.3, a school day shall consist of not less than four hours, except that one continuous session of two and one-half hours may be considered a full day in Kindergarten.
 - (2) School district policies for attendance and instructional contact time will need to accommodate opportunities for both synchronous and asynchronous instruction, while ensuring the requirements for a 180-day school year are met.
- c. The school district will meet the needs of their special populations in alignment with the New Jersey Specific Guidance for Schools and Districts regarding student accommodations.
- (1) For special education and ELL students, the Board of Education will provide educators with professional development to best utilize the accessibility features and accommodations tools made available through technology-based formats. The school district will continue to ensure students receive individualized supports that meet the requirements of the IEP and 504 Plans.
 - (2) For medically fragile staff, virtual instruction is ideal for staff who are at greater risk for the impacts of COVID-19. Accommodations may need to be made for staff with health issues which are exacerbated by viewing content on screens for an extended period.
- d. The school district should accommodate educators teaching in-person, hybrid, and virtual learning, in a way that allows all students to meet their required instructional hours for the day, which may include remote students completing independent work while students in classroom receive instruction. School officials may:
- (1) Provide teachers common planning time.
 - (2) Ensure school district policies are reviewed and confirmed to support in-person and remote instruction.
 - (a) Virtual learning may create privacy challenges which school districts and schools have not yet faced.
 - (b) The NJDOE strongly recommends engaging communities to better understand the landscape of challenges and opportunities when crafting policies.
 - (3) Secure a steady supply of resources necessary to ensure the safety of students and staff.

Sea Girt Elementary School Restart Plan 2020-2021

- (4) Scheduling will support a combination of synchronous and asynchronous instruction which allows for contact time between educators and their students, as well as time for students to engage with their peers. The NJDOE encourages the school district to evaluate instructional activities based on what is developmentally appropriate for each grade band.
- e. School officials will consider implementation strategies provided in the Scheduling Section of the NJDOE Guidance in developing the Board's Plan.

[See Appendix N – Scheduling of Students]

4. Staffing

- a. The school district should consider access and equity for all staff to ensure continuity of student learning. The Board's Plan and decision-making throughout the school year should consider unique needs of each staff member, such as access to technology, social and emotional health, and child care concerns.
- b. When making staffing scheduling and assignments, the school district must comply with all applicable employment laws including, but not limited to, the American Disabilities Act (ADA) and Health Insurance Portability and Accountability Act (HIPAA), and all applicable State laws. Additionally, prior to finalizing any COVID-19 related changes for the 2020-2021 school year, school districts should also consult with the local bargaining units and legal counsel.
- c. The Board's Plan should identify roles and responsibilities of school administrators, teachers, instructional assistants, educational services professionals, and student teachers that will ensure continuity of learning and leverage existing resources and personnel to maximize student success.
- d. As schedules are adjusted, educators must maintain quality instruction for students and abide by the minimum requirements set forth in NJDOE regulations.
- e. In response to COVID-19, the NJDOE has provided flexibilities for implementation of certain regulatory requirements during the public health emergency. While the relevant Executive Orders are in effect, these flexibilities will apply:

Sea Girt Elementary School Restart Plan 2020-2021

- (1) Mentoring Guidance – Outlines requirements and flexibilities for nontenured teachers with an induction to the teaching profession and to the school district community through differentiated supports based on the teachers' individual needs.
 - (2) Educator Evaluation Guidance – Provides a description of flexibilities and requirements for educator evaluation necessitated by the state mandated school closures caused by COVID-19. This Guidance applies to all Teachers, Principals, Assistant Principals (APs), Vice Principals (VPs), and Other Certificated Staff for School Year (SY) 2019-2020, and is differentiated for educators with a provisional certification, in the process of earning tenure, and on a corrective action plan (CAP).
 - (3) Certification
 - (a) Performance Assessment (edTPA) Guidance Provides a description of the NJDOE's waiver of the teacher certification performance assessment (edTPA) requirement as necessitated by the COVID-19 state of emergency and related limitations.
 - (b) Additional COVID-19 Certification Guidance – Additional flexibilities are expected to be extended to candidates for certification in response to the logical constraints posed by the COVID-19 state of emergency and related limitations.
5. In-Person and Hybrid Learning Environments: Roles and Responsibilities
- a. In a fully in-person or hybrid learning environment districts should leverage staff to monitor student movement, hallway traffic, and maintain safety according to guidelines. Instructional and non-instructional staff schedules can include designated time to support school building logistics required to maintain health and safety requirements.
 - b. Instructional staff should:
 - (1) Reinforce social distancing protocol with students and co-teacher or support staff.
 - (2) Limit group interactions to maintain safety.

Sea Girt Elementary School Restart Plan 2020-2021

- (3) Support school building safety logistics (entering, exiting, restrooms, etc.).
 - (4) Become familiar with district online protocols and platforms.
 - (5) Plan standards-based lessons to meet the needs of students at various levels, ensuring versatility of lessons to apply to both fully in-person and hybrid learning environments.
 - (6) Develop predictable routines and structures for students while maintaining student engagement through varied instructional strategies/modalities.
 - (7) Provide regular feedback to students and families on expectations and progress.
 - (8) Set clear expectations for remote and in-person students.
 - (9) Assess student progress early and often and adjust instruction and/or methodology accordingly.
 - (10) Develop opportunities for real-time interactions with students (office hours, virtual meetings, etc.).
 - (11) Instruct and maintain good practice in digital citizenship for all students and staff.
 - (12) Instructional staff with additional capacity or limited time spent with students may assist with school building and safety logistics.
 - (13) Teacher leaders or instructional coaches should support teachers in making necessary curricular adjustments and continuously improving the quality of instruction in remote and hybrid environments.
 - (14) Providing materials, manipulatives, and items for at-home activities at no cost to families (particularly in pre-school).
 - (15) Limiting on-line activities for pre-school students.
- c. Mentor teachers should:
- (1) Plan for "in-person" contact with the mentee using agreed upon communication methods and schedules that provide confidentiality and sufficient support.

Sea Girt Elementary School Restart Plan 2020-2021

- (2) Identify the most immediate issues to address with the mentee considering technology needs and how to provide effective remote instruction.
 - (3) Establish observation protocols for remote environments that protect confidentiality, respect student privacy, and provide the mentee with relevant support.
 - (4) Integrate self-care, for mentor and mentee, into mentoring scheduling and practices.
 - (5) Continue to maintain logs of mentoring contact.
 - (6) Mentor teachers should consider all health and safety measures when doing in-person observations.
 - (7) Plan for "in-person" contact with the mentee using agreed upon communication methods and schedules that provide confidentiality and sufficient support.
 - (8) Consider alternative methods for classroom observations and avoiding in-person contact where possible.
- d. Administrators - In addition to administrators' non-instructional responsibilities, to ensure quality of continued learning in-person or virtually, administrators should:
- (1) Consider roles for staff with health concerns, leveraging them to enhance the virtual learning environment and inform in-person instruction.
 - (2) Provide time for staff collaboration and planning (See Scheduling section). Prioritize practical science and practical CTE areas for on-site opportunities.
 - (3) Prioritize vulnerable student groups for face-to-face instruction.
 - (4) Identify teachers and teacher leaders that may provide support to staff to continuously improve instruction in a virtual environment.
 - (5) Work with staff and faculty to ensure that teaching and learning, and all student services are effectively and efficiently developed, planned, and delivered.

Sea Girt Elementary School Restart Plan 2020-2021

- (6) Hone collaboration, cooperation, and relationship building skills using alternative methods to remain connected to virtual instruction.
- (7) Define and provide examples of high-quality instruction given context and resources available.
- (8) Assess teacher, student, and parent needs regularly.
- (9) Ensure students and parents receive necessary supports to ensure access to instruction.
- (10) Communicate expectations for delivering high-quality instruction, assessing, and monitoring student progress in the virtual environment, in accordance with NJDOE's Professional Standards for Teachers and NJ Professional Standards for Leaders (N.J.A.C. 6A:9).
- (11) Plan a process to onboard students and reestablish the classroom environment through emphasizing relationships with students and parents and resetting routines.
- (12) Collaborate on curriculum planning and assessing student academic and social emotional well-being when students return to school.
- (13) Create feedback loops with parents and families about students' academic and social emotional health and well-being, through use of remote learning conferences and/or surveys to parents about their child's experience and learning while out of school.
- (14) Share a comprehensive account of academic interventions and social emotional and mental health support services available through the district.
- (15) Create and communicate realistic student schedules to increase student engagement and accountability for both hybrid and remote learning models.
- (16) Collaborate in determining expectations for differentiated instruction and rigor in hybrid and remote learning models.
- (17) Support families in connecting with teachers and other services they need to be successful in navigating the virtual environment.

Sea Girt Elementary School Restart Plan 2020-2021

- (18) Ensure the Pre-school Director/Contact Person is involved in the planning in order that development activities and supports are in place for Pre-school and supports transition to Kindergarten.
- e. Educational services staff members should:
- (1) Lead small group instruction in a virtual environment.
 - (2) Facilitate the virtual component of synchronous online interactions.
 - (3) Manage online platform for small groups of in-person students while teacher is remote.
 - (4) Assist with the development and implementation of adjusted schedules.
 - (5) Plan for the completion of course requests and scheduling (secondary school).
 - (6) Assist teachers with providing updates to students and families.
 - (7) Support embedding of SEL into lessons.
 - (8) Lead small group instruction to ensure social distancing.
 - (9) Consider student grouping to maintain single classroom cohorts.
 - (10) Consider alternative methods for one-on-one interactions avoiding in-person contact where possible.
- f. Support staff/paraprofessionals may:
- (1) Lead small group instruction to ensure social distancing.
 - (2) Consider student grouping to maintain single classroom cohorts.
 - (3) Consider alternative methods for one-on-one interactions avoiding in-person contact where possible.
 - (4) Pre-record read-alouds and videos around SEL activities and routines (Grades Pre-K through two). Caption pre-recorded instructional videos from general education teachers.

Sea Girt Elementary School Restart Plan 2020-2021

- (5) Provide real-time support during virtual sessions.
- (6) Research websites, videos, and links for accessible activities that teachers can incorporate into lessons.
- (7) Support families and students in accessing and participating in remote learning. Paraprofessionals can be added to online classes as co-teacher.
- (8) Lead small group instruction in a virtual environment.
- (9) Facilitate the virtual component of synchronous online interactions.
- (10) Family Workers will need to provide support to parents via virtual platforms (Pre-school).

g. Substitutes

- (1) Develop contingency staffing plans in case of sudden long-term absences and/or vacancies.
- (2) Develop roles and responsibilities for substitute teachers in both virtual and hybrid settings.
- (3) Designate substitutes to a single school building or grade level to avoid too much movement between schools.
- (4) Identify areas where additional staff may be necessary: school nurses, counselors, school psychologist.

[See Appendix O – Staffing]

6. Educator Roles Related to School Technology Needs

- a. To ensure all staff supporting virtual learning are prepared to provide or support instruction on day one, the school officials should:
 - (1) Designate staff members to provide ongoing support with technology to students, teachers, and families. Consider developing a schedule and assigning a technology point person to teachers by grade level or content area.
 - (2) Survey teachers and families to determine technology needs/access (consider those that have access, but may be sharing personal devices with others).

Sea Girt Elementary School Restart Plan 2020-2021

- (3) To the extent possible, provide district one-to-one instructional devices and connectivity.
 - (4) Prior to the start of the school year, provide district email addresses and access to online platforms (usernames/passwords/organizational credentials).
- b. To ensure student teachers are prepared to start supporting instruction on day one, districts should:
- (1) Train student teachers to use technology platforms.
 - (2) Communicate district expectations/guidelines regarding professional online etiquette/interactions with students.
 - (3) Virtual instruction is ideal for staff who are at greater risk for the impacts of COVID-19. Accommodations may need to be made for staff with health issues which are exacerbated by viewing content on screens for an extended period.
- c. Additional Staff Concerns - Districts should also be prepared to navigate additional staffing concerns and topics and may also consider:
- (1) Best practice and guidance from the American Academy of Pediatrics is to limit screen time for students in grades Pre-K through two. Developmentally appropriate practices show that young learners are most successful with hands-on learning, rather than worksheets or computer-based activities. In this grade band, interactive learning activities are the most effective.
 - (2) Develop and communicate a plan of accountability that identifies how teachers will monitor and assess student performance. This includes how they grade students (Grades Pre-K through twelve).
 - (3) Districts may also consider developing a plan to leverage community organizations, community partners, faith-based communities, or volunteers to support families outside of the school building. Utilizing community volunteer support that will interact directly with students may require criminal history background checks.
 - (4) Roles and responsibilities of teacher leaders or instructional coaches in supporting teachers in making necessary curricular

Sea Girt Elementary School Restart Plan 2020-2021

adjustments and continuously improving quality of instruction through remote and hybrid structures.

- (5) Increase need for all staff to address student trauma, social emotional learning, and digital citizenship.

[See Appendix O – Staffing]

7. Athletics

Under Executive Order 149, high school sports under the jurisdiction of the NJSIAA may resume only in accordance with reopening protocols issued by NJSIAA and cannot resume earlier than June 30, 2020.

Sea Girt Elementary School's middle school athletics is a member of MCAL who also is following NJSIAA guidance.

C. Policy and Funding

The impact of the COVID-19 pandemic presents many fiscal challenges to the school district for delivery of instruction and related services to students in addition to other basic operational needs. Readying facilities, purchasing supplies, transporting, and feeding students may look drastically different in the 2020-2021 school year. The Policy and Funding section of the Board's Plan focuses on existing and pending Federal and State legislation, regulations, and guidance.

1. School Funding

- a. The Board shall explore options to obtain the maximum amount of available revenue to minimize expenditures and for fiscal planning in the face of considerable uncertainty. The options the Board shall explore include, but are not limited to, the following:

- (1) Elementary and Secondary School Emergency Relief Fund;
- (2) Federal Emergency Management Agency – Public Assistance;
and
- (3) State School Aid.

- b. School District Budgets

Districts have finalized their FY20 budget year and have already finalized their FY21 budgets. Because of the timing of the budget process, many of the activities listed below have not been, and cannot be, factored into either budget year without additional revenue

Sea Girt Elementary School Restart Plan 2020-2021

outside the amount they anticipated for FY21 in February, and budget transfers that current statute does not authorize at the start of the school year.

c. School Funding

School officials will review the Policy and Funding section of the NJDOE Guidance that includes information on Federal and State funding sources; purchasing practices; use of reserve accounts, transfers, and cash flow; and costs and contracting, including E-Rate funding and cooperative purchasing contracting.

(1) Purchasing

The school district may likely need to purchase items not needed in the past and may experience increased demand for previously purchased goods and services to implement the Plan. The school district shall continue to comply with the provisions of the “Public School Contracts Law”, N.J.S.A. 18A:18A-1 et seq.

(2) Use of Reserve Accounts, Transfers, and Cashflow

The school district shall apply for the approval from the Commissioner of Education prior to performing certain budget actions, such as withdrawing from the emergency reserve or making transfers that cumulatively exceed ten percent of the amount originally budgeted.

(3) Costs and Contracting

The school district shall follow all New Jersey State laws and regulations applicable to local school districts for purchasing when procuring devices and connectivity or any technology related item.

D. Continuity of Learning

Ensuring the continuity of learning is critically important during this time of great stress for families, educators, and students. The move to a fully virtual learning environment happened quickly and created significant challenges for staff and students, particularly students already considered at-risk prior to the pandemic. School officials should work closely with their stakeholders to ensure decisions are made collaboratively and transparently and prioritize safely returning students who are in need of in-person instruction. This may include, but is not limited to, students with disabilities, English language learners (ELL), homeless youth, and low-income students.

Sea Girt Elementary School Restart Plan 2020-2021

Curriculum, instruction, assessment, professional learning, and career and technical education (CTE) are all constructs that can be adjusted to serve as levers for equity.

Except where otherwise indicated, the provisions and elements of this section are “additional considerations” that may help districts in considering ways to adhere to the “anticipated minimum standards”.

While only a small introduction to these elements is included in this Plan, school officials can find a more detailed explanation and considerations in the NJDOE Guidance under the Continuity of Learning section to reference while developing their Plan for the reopening of schools.

1. Ensuring the Delivery of Special Education and Related Services to Students with Disabilities
 - a. Consistent with guidance from the United States Department of Education, school districts must continue to meet their obligations under the Federal Individuals with Disabilities Education Act (IDEA) and the New Jersey State special education regulations for students with disabilities to the greatest extent possible.
 - b. In accordance with the Extended School Year (ESY) Guidance issued by the NJDOE, student IEPs that currently included ESY services should be implemented to the greatest extent possible during the COVID-19 pandemic.
 - c. The NJDOE recommends that schools districts consider the following when addressing the education of students with disabilities for the 2020-2021 school year:
 - (1) Procedures to address the return to school of medically fragile students and students with physical or health impairments who may require accommodations and modifications as part of a 504 Plan.
 - (2) IEP teams should review student data/student progress to determine whether critical skills were lost during the period in which remote instruction was being provided to students and determine the need for additional services to address learning loss.
 - (3) IEP teams should consider the impact of missed services on student progress towards meeting IEP goals and objectives, and determine if additional or compensatory services are

Sea Girt Elementary School Restart Plan 2020-2021

needed to address regression and recoupment of skills within a reasonable length of time.

- (4) IEP teams should develop procedures to complete overdue and/or incomplete evaluations to determine eligibility for special education services.
- (5) The use of school guidance department staff and Child Study Team personnel to identify students whose postsecondary plans may have been adversely affected by the COVID-19 pandemic and provide support, resources, and assistance, which may include facilitating connection to community organizations, scholarship programs, county, State, and Federal opportunities to access support.
- (6) Clear communication to the parents of the procedures for student referrals and evaluations to determine the eligibility for special education and related services or a 504 Plan as required by Federal and State law.

2. Technology and Connectivity

- a. School districts should strive to ensure that every student has access to a device and internet connectivity. School districts should prioritize the provisions of technology, or alternatively, in-person instruction, to students that are otherwise without access. Additionally, these school districts should include in their reopening plan the steps taken to address the technology deficit and how it will be resolved as soon as possible.
- b. Districts should:
 - (1) Conduct a needs assessment.
 - (2) Consider the attendant needs associated with deployment of needed technology, including student and parent trainings and acceptable use policy implementation.
 - (3) Prioritize the purchase and roll-out of devices and/or connectivity that may involve learning based on the results of the needs assessment.
 - (4) For students with special needs, accommodations according to their instructional program must be addressed as appropriate for each student.

Sea Girt Elementary School Restart Plan 2020-2021

- (a) If there is a device or connectivity shortage, the school district should address technology challenges in their Plan. This should include the steps the district has already taken to address the technology divide and how the school district plans to provide devices and/or connectivity to students that need them.
- 3. Curriculum, Instruction, and Assessment
 - a. In planning curriculum, instruction, and assessment for reopening, school officials must focus on building staff capacity to deliver highly effective instruction in hybrid environments as well as preparing them to address any learning gaps that might prevent students from meeting grade-level New Jersey Student Learning Standards (NJSLs).
 - b. School officials should develop a Plan that is innovative, cultivates a clear sense of shared purpose and goals, encourages collaboration among educators, and fosters an effective partnership approach with students' family members and caregivers.
 - c. Virtual and Hybrid Learning Environment
 - (1) Curriculum
 - (a) Educators will be tasked not only with delivering curriculum, but also structuring the curriculum to account for the loss of learning that may have resulted from the extended school building closures.
 - (b) To accelerate students' progress during the upcoming school year, administrators and educators will be tasked with identifying what unfinished learning needs to be addressed.
 - (c) Accelerated learning focuses on providing students with grade-level materials, tasks, and assignments along with the appropriate supports necessary to fill the most critical gaps in learning. Accelerated learning seeks to help educators utilize classroom time as efficiently as possible.
 - (2) Instruction
 - (a) As school districts prepare for the upcoming school year, instructional plans that are flexible, promote innovation, and take advantage of the strengths of school leaders, teachers, students, and family and community members will be best suited to adapt to changing learning environments as may be necessary.

Sea Girt Elementary School Restart Plan 2020-2021

- (b) In crafting an instructional plan, the school district should consider the following:
 - (i) Develop a shared understanding among staff, students, and families across grade-levels and schools regarding learning expectations, and anticipated environments (hybrid approaches to instruction, virtual platforms, learning management systems, etc.) and expectations for interactions to ensure all students have access to high-quality instruction.
 - (ii) Design for student engagement and foster student ownership of learning.
 - (iii) Develop students' meta-cognition.
 - (iv) Collaborate with school leaders and educators to determine what types of supports are needed for effective pedagogical approaches during remote or hybrid instruction.
 - (v) Assess the district's data on how ELLs experienced instruction during remote or hybrid learning; particularly for newcomer students and students with lower English language proficiency levels.
 - (vi) Assess ELLs' levels of engagement and access in an in-person, virtual, or hybrid learning environment.

(3) Assessment

- (a) For the purposed of this Plan, the different assessment types are as follows: pre-assessment; formative; interim; and summative.
- (b) Educators should focus on locally developed pre-assessments and formative assessments upon returning to school.
- (c) In the absence of Spring 2020 summative assessment data, the school district should identify alternate sources of prior assessment data which may complement data driven decision-making regarding remediation efforts.
- (d) Online pre-assessments and formative assessments should be leveraged in either a fully virtual or hybrid learning environment to support the evaluation of student strengths

Sea Girt Elementary School Restart Plan 2020-2021

and the areas for improvement, and to inform next steps, including determining whether remediation is required for an entire group of students or on an individual student basis.

- (e) Pre-assessments administered at the start of instructional units should be limited to informing instruction plans with respect to gaps in the mastery of standards while continuing to move students forward at current grade-level.
 - (i) Such pre-assessments should be incorporated into regular classroom activities and to the greatest extent practicable, should not interfere with student learning opportunities as schools reopen.

4. Professional Learning

- a. It is imperative the school district provides professional learning that will better equip leaders, staff, substitutes, students, and parents to adapt to altered educational environments and experiences.
- b. The school district must focus on professional development to address the learning loss for the most vulnerable populations and preparing and supporting educators in meeting the social, emotional, health, and academic needs of all students.
- c. Professional learning opportunities should be:
 - (1) Presented prior to the beginning of the year;
 - (2) Presented throughout the school year;
 - (3) Presented in order to grow each educator's professional capacity to deliver developmentally appropriate, standards-based instruction remotely;
 - (4) Presented to include the input and collaboration of stake holders, including all staff, parents, and community members; and
 - (5) Professional development plans (PDPs) for teaching staff and administrators, as always, should remain flexible and adaptable to the changing needs of the district, school, and individual educator.
- d. Mentoring and Induction
 - (1) Induction must be provided for all novice provisional teachers and teachers new to the district.

Sea Girt Elementary School Restart Plan 2020-2021

- (2) One-to-one mentoring must be provided by qualified mentors to novice provisional teachers.
 - (3) Ensure that mentors can provide sufficient support and guidance to novice provisional teachers working in a remote environment.
 - (4) Mentoring must be provided in both a hybrid and fully remote learning environment.
 - (5) Use online collaborative tools to remain connected to other mentors, new teachers, and administrators to maintain a sense of communal support.
- e. Evaluation
- (1) School districts should modify annual evaluation training to highlight procedures and processes which would be impacted due to potential hybrid scheduling.
 - (2) School districts should develop observation schedules with a hybrid model in mind.
 - (3) School districts should consider the School Improvement Panel's (ScIP) role in informing professional learning, mentoring, and other evaluation-related activities.
 - (4) School districts must consider the requirements and best practices involved with provisional status teachers, nontenured educators, and those on Corrective Action Plans.

Appendices

Sea Girt Elementary School Restart Plan

Fall 2020

Appendix A

Critical Area of Operation #1 - General Health and Safety Guidelines

This school district should include in Appendix A the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.a., including, but not limited to:

- Administration consults with the Monmouth County Regional Health Commission regularly and as needed.
- School nurse consults with District Physician regularly and as needed.
- Administration consults, and works in conjunction with, Sea Girt Police Department and Sea Girt Office of Emergency Management.
- Students who are at a higher risk for severe illness will be offered the option of Virtual Learning as well as any student refusing to return to school due to concerns of COVID-19.
- Staff who are at higher risk will consult with administration to determine the safest course of action specific to their unique issue.
- CDC Guidance for Schools and Childcare Centers will be followed.
- SGES will promote behaviors that reduce the spread:
 - Staff and students will be encouraged to stay home when appropriate
 - Hand hygiene and respiratory etiquette will be reviewed and monitored by all staff.
 - Face coverings will be required by all staff and visitors as well as students when indoors and outdoors when social distancing is difficult.
 - Signage encouraging social distancing will be displayed on both the exterior and interior of the school.
- Reasonable accommodations will be provided for individuals that the Centers for Disease Control identifies as having a higher risk for severe illness from COVID-19, including older adults (aged 65 years and older) and individuals with disabilities or serious underlying medical conditions, which may include:
 - Chronic lung disease or asthma (moderate to severe)
 - Serious heart conditions
 - Immunocompromised
 - Severe obesity (body mass index, or BMI, of 40 or higher)
 - Diabetes
 - Chronic kidney disease undergoing dialysis
 - Liver disease
 - Medically fragile students with Individualized Education Programs (IEPs)
 - Students with complex disabilities with Individualized Education Programs (IEPs)
 - Students who require accommodations under a Plan in accordance with the Section 504 of the Rehabilitation Act of 1973 (504 Plan).

Appendix B

Critical Area of Operation #2 - Classrooms, Testing, and Therapy Rooms

This school district should include in Appendix B the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.b., including, but not limited to:

- Classrooms will be arranged to have individual desks facing the same direction and spaced at least six feet apart.
- When indoors face coverings will be required unless medical condition or disability precludes the use of face covering.
- Classrooms will be relocated so that classes with the largest number of students utilized the largest rooms, allowing for maximum social distancing (minimum six feet apart).
- Use of shared items/equipment/resources will be minimized and cleaned between each use.
 - Classrooms will have supplies of disinfecting wipes for this purpose
- Fresh air is incorporated into the HVAC system as a requirement and all instructional spaces have windows.
 - New filters will be installed prior to the start of the school year, and additional filters will be on site and changed regularly.
 - The Building Automation System enables Technology Coordinator and the custodial team to monitor fresh air circulation for each room.
- Hand sanitizing stations with at least 60% alcohol-based hand sanitizer will be located in the following areas:
 - In each classroom
 - At entrances and exits
 - Near lunchroom and bathrooms
- Students will be reminded to wash hands for at least 20 seconds at regular intervals, including before eating, after using the bathroom, and after blowing their nose/coughing/sneezing.
- All students will be assigned a Chromebook. Students will not share any electronic devices.
- Student belongings kept close to desk and separated from other students' belongings and not inter-mingled.
- Large tables will be removed from classrooms and replaced with individual student desks.
- Classes will remain in homeroom/cohorts throughout the day in all grades.
- Minimal exposure to multiple teaching staff will be scheduled.
- Use of our outdoor space will be encouraged and used whenever feasible.
- Teachers will build in times for students to wash their hands and use hand sanitizer.

Appendix C

Critical Area of Operation #3 – Transportation

This school district should include in Appendix C the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.c., including, but not limited to:

- SGES does not provide transportation for our students.
- Sports transportation has been provided in the past; however, the MCAL Fall 2020. Should winter sports occur during this plan, parents will be encouraged to provide transportation if possible to the games and to practice social distancing and face covering rules.
- Field trips will not be permitted while this plan is in place.

Appendix D

Critical Area of Operation #4 - Student Flow, Entry, Exit, and Common Areas

This school district should include in Appendix D the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.d., including, but not limited to:

- Students will be divided into three entry groups for a rolling drop off from 8:20-8:40 AM.
 - Points of entry
 - Front door
 - Door by playground
 - Door by garden closest to Bell Place
- All students and staff will be required to wear face coverings while entering and exiting the building.
- Students will be screened for temperature upon entrance using a walkthrough infrared temperature screener (safecheckusa.com) or a contactless thermometer.
- Exit/Dismissal
 - Classroom teachers will walk the students to their specific exit location.
 - Exits will be at multiple locations depending upon where the students' classrooms are located.
- Hand sanitizer will be located at all entrances.
- Signages reminding students and staff to socially distance themselves and wash their hands will be installed on the exterior of the school, the walls of the interior, and on the floors.
- Increased cleaning both during and after school hours will take place.
 - An additional custodian will be employed during the day and overtime hours will be permitted, if needed.
 - Electrostatic sprayers, UVC sterilizer, and new bathroom UVC fixture will be utilized.
- Barriers will be installed in the main office, therapy rooms, and other rooms where socially distancing is difficult.
- Students will not be permitted to use their lockers while this plan is in place.

Appendix E

Critical Area of Operation #5 - Screening, PPE, and Response to Students and Staff Presenting Symptoms

This school district should include in Appendix E the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.e., including, but not limited to:

- Upon arrival, all staff will enter through one of two entry points equipped with a SafeCheck temperature screener.
- Upon arrival, all students will enter through one of three entry points. The two main entry points will have a SafeCheck temperature screener. The third entrance will use a contactless thermal temperature scanner. A staff member will be stationed at the entry points when students arrive to identify any students above the 100.4 temperature.
 - Those students will not be permitted to enter the building.
 - Temperature will be checked again and parent/guardian will be notified to return to the school to bring the student home.
- Prior to the start of the school year, all students and staff will begin using a daily pre-screening tool to attest to not experiencing any symptoms of COVID-19 when they arrive at school.
- **If there is any doubt, we will err on the side of caution and ask students to stay home.** Students staying home for COVID related reasoning (ie. staying home because they are exhibiting symptoms of some sort and are taking precautionary measures as requested or they need to quarantine due to potential exposure) can request to attend school remotely. Students should not request remote instruction for reasons not related to the current health crisis. Requests for remote instruction should be made through the main office.
- Students and staff with symptoms related to COVID-19 will be safely and respectfully isolated from others in an established isolation area within the health office with a direct exit of the building.
- If the school becomes aware that an individual who has spent time in the school tests positive for COVID-19, district officials will immediately notify local health officials, staff, and families of a confirmed case while maintaining confidentiality.
- When someone tests positive for COVID-19 the district will follow protocols included in [New Jersey Department of Health COVID-19 Public Health Recommendations for Local Health Departments for K-12 Schools](#), see COVID-19 Exclusion Table on page 13.
- Protocols will be consistent with the District's policy to the maximum extent practicable.
 - Protocols will include:
 - Isolation area within the health office with a direct exit of the building.

Sea Girt Elementary School Restart Plan 2020-2021

- Students will remain in isolation with continued supervision and care until picked up by an authorized adult.
- Although encouraged to supply their own, PPE will be provided as needed to staff and students.
- When positive or presumed positive case is identified, the school will work with Monmouth Regional Health Commission Number 1 (see Appendix F regarding Contact Tracing).
- In order to be readmitted to school, a student exhibiting symptoms that would preclude them from attending school in person, a presumed positive, or confirmed case must present a doctor's note clearing their return, as stated in the standing orders provided by the District Physician.
- Staff will encourage parents to be on the alert for signs of illness in their children and to keep them home when they are sick.
- School staff/students/visitors are required to wear face coverings unless doing so would inhibit the individual's health or the individual is under two years of age.
- Students will wear face coverings other than during snack/lunch, unless doing so would inhibit the student's health. It is also necessary to acknowledge that enforcing the use of face coverings may be impractical for young children or individuals with disabilities.
- Accommodation for students who are unable to wear a face covering will be addressed according to that student's need and in accordance with all applicable laws and regulations.
 - Exceptions:
 - Doing so would inhibit the individual's health.
 - The individual is in extreme heat outdoors.
 - A student's documented medical condition, or disability as reflected in an Individualized Education Program (IEP), precludes the use of face covering.
 - If a visitor refuses to wear a face covering for non-medical reasons and if such covering cannot be provided to the individual the point of entry, entry to the school will be denied.

Sea Girt Elementary School Restart Plan 2020-2021

**Timeframe for Self-Quarantine or
Self-isolation and mandated enrollment in Virtual Classroom**

(Based upon NJDOH and CDC Guidance, subject to change as this guidance is constantly evolving)

Symptomatic Tested +	24 hours (1 full day) fever-free without use of fever-reducing medications AND improvement in symptoms AND 10 days since symptoms first began (whichever is longer)
Symptomatic Tested –	At least 24 hours (1 full day) after symptoms go away NOTE: If a household or close contact, should complete 14 day quarantine
Asymptomatic Tested +	10 days after specimen collection, assuming no symptoms develop [^]
Asymptomatic Tested – No COVID-19 household* or close contacts*	No self-quarantine days required
Asymptomatic Tested – But is a household contact* or close contact*	14 days from last known exposure with the COVID-19 + person NOTE: Self-quarantine for individuals with household contacts who are COVID-19 positive begins AFTER the end of self isolation of the household contact ends
Asymptomatic Not/Never tested But is a household* or close contact*	14 days from last known exposure with the COVID-19 + person NOTE: Self-quarantine for individuals with household contacts who are COVID-19 positive begins AFTER the end of self isolation of the household contact ends
Possible Exposure	14 days self-quarantine or a negative test result with verifying note from health care provider.

* Household contacts are individuals who live in the same house as a lab confirmed COVID-19 case. Close contacts are individuals who were within 6 feet of a lab confirmed COVID-19 case for a prolonged period (about 10 minutes or more) or had direct contact with the infectious secretions of a COVID-19 case (e.g., were coughed on). Walking past a lab confirmed COVID-19 case or just being in the same building does NOT qualify as being a close contact.

[^]Asymptomatic positive individuals who develop symptoms during their self-quarantine timeframe, should self-isolate and refer to the Symptomatic, Tested + column.

NOTE: Recommendation for self-isolation/quarantine is to stay/sleep in a separate room from others living in the home and use separate bathroom (if possible). This includes not being in close contact with household members (i.e., not sharing meals and spending time together in common areas) or going to work or out in public other than for health care. Wash hands often and clean and disinfect household items.

Appendix F

Critical Area of Operation #6 - Contact Tracing

This school district should include in Appendix F the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.f.

Contact tracing is the process used to identify those who come into contact with people who have tested positive for contagious diseases such as measles, HIV, and COVID-19. It is a long-standing practice. Contact tracing goes hand in hand with testing. It is part of the process of supporting patients with suspected or confirmed infection.

If a student of staff member is tests positive for COVID-19. SGES will immediately contact Monmouth Regional Health Commission Number 1. Under the guidance of the Health Commission, a letter will be sent out utilizing the District's BlackBoard Communication System. All close contacts will be moved to remote instruction.

SGES will provide MRHC#1 with all contact information for any community member that is considered close contact. Close contact is anyone who was within six feet for ten minutes or more up to two days before the positive test result. SGES will provide MRHC#1 with class list contact information. The notification to parents will inform them that it may take 24-48 hours to be contacted by a contact tracer.

If a student of staff member is possibly exposed to COVID-19. SGES will contact all close contacts to be on symptom watch. Close contacts will be given the option of remote instruction.

Appendix G

Critical Area of Operation #7 - Facilities Cleaning Practices

This school district should include in Appendix G the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.g.

- Additional staff added to custodial team
- Increased, routine cleaning and disinfection, including the use of electrostatic sprayer and UVC sterilization machine.
- Routinely clean and disinfect surfaces and objects that are frequently touched. This may include cleaning objects/surfaces not ordinarily cleaned daily (e.g., doorknobs, light switches, classroom sink handles, countertops). All classrooms will be provided with disinfecting wipes.
 - Frequently touched areas are:
 - Classroom desks and chairs
 - Lunchroom tables and chairs
 - Door handles and push plates
 - Handrails
 - Light switches
 - Shared telephones
 - Drinking fountains
- Bathrooms will be sanitized routinely utilizing UVC light fixture.
- Bathroom use will be monitored to avoid large crowds.
- Drinking fountains will be shut off other than the water bottle filling stations. On the filling station the mouthpiece will be turned off. Staff and students will be encouraged to bring refillable water bottles.
- End of day cleaning will now include the use of electrostatic sprayer and/or UVC sterilization machine in all spaces, instructional and non-instructional.

Appendix H

Critical Area of Operation #8 – Meals

This school district should include in Appendix H the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.h.

- For Phase One, lunch will occur at home and not in school
- For Phase Two lunch will occur outdoors (picnic style) in designated locations per cohort. It will occur in the classroom if there is inclement weather.
- Lunches will be brought from home.
- Students will remain at least six feet apart.
- Individuals must wash their hands after removing their gloves or after directly handling used food service items.
- Students will be reminded not to share food
- Hand washing will be required before and after eating meals.

Appendix I

Critical Area of Operation #9 – Recess/Physical Education

This school district should include in Appendix I the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.i.

- During Phase One, we will run a single-session day and recess will occur at home.
- During Phase Two recess groups will be separated by homeroom/cohort.
 - Areas of the fields and courts will be identified for use by specific cohorts/groups and they will rotate daily through the areas.
 - Students will use hand sanitizer after recess.
 - If the playgrounds are used, the custodial team will disinfect them via misting the equipment with disinfectant. The appropriate dwell time for the disinfectant will be adhered to before students are allowed to use it again.
- Locker rooms will not be utilized. Students in middle school will need to come to school on PE days in PE appropriate attire.
- Students will not share gym equipment.
- PE lessons will be held outdoors or in the cafeteria, if feasible. If not, Health will be taught in the classrooms by the PE teachers.

Appendix J

Critical Area of Operation #10 - Field Trips, Extra-Curricular Activities, and Use of Facilities Outside of School Hours

This school district should include in Appendix J the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section A.1.j.

- Field trips will not be approved while this plan is in place.
- Extra-curricular activities will be suspended until further notice.
- Use of Facilities applications for outside organizations, not including the SGES PTO, will not be approved by the Superintendent while this plan is in place.

Appendix K

Academic, Social, and Behavioral Supports

This school district should include in Appendix K supplemental materials, evidence, and further explanations of the elements listed in the Academic, Social, and Behavioral Supports section in the Board's Plan – Section A.2.a. through A.2.e.

Will be developed by the Student Services Office for individual and groups of students upon assessment of need.

Appendix L

Restart Committee

This school district should include in Appendix L the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section B.1.

- Rick Papera, Superintendent/Principal
- Jeff Russo, Supervisor of Student Services
- Hilary DiFeo, SGBaE Vice President/parent
- Marjorie Kane, BaE Member
- Holly Boyer, SGEA President/teacher
- Joanne Ryder, School Nurse
- Sally Bittner, School Social Worker
- Cortney Genis, teacher
- Mary DeCrisifano, teacher
- Stefanie O'Donnell, teacher
- Cathy Gray, teacher
- Noelle Artherholt, parent
- Dana Reid, parent
- Elizabeth O'Reilly, parent
- Kelly Jarmon, parent
- Jennifer Perry, parent

Appendix M

Pandemic Response Teams

This school district should include in Appendix M the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section B.2.

- Rick Papera, Superintendent/Principal, School Safety Team, School Security Specialist
- Jeff Russo, Supervisor of Student Services, School Safety Team
- John Lajewski, BaE Member
- Holly Boyer, SGEA President/teacher
- Joanne Ryder, School Nurse, School Safety Team
- Sally Bittner, School Social Worker, School Safety Team
- Stephanie Flynn, parent
- Nesreen Eltoukhy, parent
- Miguel Batista, Custodian

Appendix N

Scheduling of Students

This school district should include in Appendix N the locally developed protocols addressing the anticipated minimum standards as required by the NJDOE Guidance and referenced in the Board's Plan – Section B.3., including, but not limited to:

- Phased approach with Phase One to be implemented at the start of school. Regular targets for re-evaluation and change implementation if warranted.
 - Phase One to begin on September 3rd.
 - Data to be reviewed daily and reported at September 24th BoE meeting. If all is going well at this checkpoint, we will move to Phase Two
 - If things are not going well, changes may be dictated by the DOH.
 - If we are unsure about moving to Phase Two at the first review date, data will be reported to BoE every two weeks until a move to Phase Two is warranted.

- **Phase One**
 - Single session day, 8:20 AM-1:00PM. This schedule meets with contractual obligations while maximizing instruction and minimizing risk.
 - The single session schedule will not reflect the type of schedule that we currently use for an early dismissal day. The current early dismissal schedule shortens all instructional periods into a shorter timeframe. The proposed Phase One schedule frontloads the academic classes in the morning before the students go home for lunch and virtual specials.
 - The concept of this plan is to maximize in person instruction for more academic classes, while minimizing the higher risk parts of the schedule. Special area classes require teachers to visit multiple classes/cohorts each day increasing the risk of cross-class exposure. Lunch/recess are also higher risk times for cross-class exposure.
 - In person instruction for reading/language arts, math, science, social studies, some enrichment/support. These will be full 42 minute instructional periods (which is the current instructional period) for these in person classes (example schedule below).
 - In Pre-High, teachers will need to travel to students to minimize student movement in the building.
 - Students will go home for lunch/recess. This will require parental cooperation to have students return home for lunch and not to gather in groups or have playdates at this time. Together we will be able to move to the next phase.
 - Specials and small group support to be delivered virtually utilizing a “live” format after lunch.
 - Special education support services may also be offered as in person sessions during the afternoon.

Sea Girt Elementary School Restart Plan 2020-2021

Sample Phase One Schedule

(Note: This includes six 42 minute instructional periods, the same length of current instructional periods. It factors in faculty contractual lunch and preps)

Time	Monday	Tuesday	Wednesday	Thursday	Friday	Minutes
8:20-8:40	Rolling Dropoff/Homeroom					20
8:40-9:22	ELA					42
9:22-10:04	ELA					42
10:04-10:46	Science					42
10:46-11:28	Math					42
11:28-12:10	Math	Enrichment/ PE	Writing	Math	Writing	42
12:10-12:52	Social Studies					42
12:52-1:00	Dismissal					8
1:00-1:50	Lunch at Home					50
1:50-2:32	Special Area Classes Delivered Virtually, Related Services for Special Education Students Delivered In Person					42
2:32-3:14						42

- **Phase Two - Potentially Implemented October 13th, please note that the plan for this phase will change during the course of Phase One**
 - Full day in person schedule
 - Special area teachers and pr-high teachers will travel to students versus students traveling to specials, to minimize student movement within the building.
 - Lunch will be outdoors in assigned areas when possible, otherwise it will be in the gym or classrooms, socially distanced using desks.
 - Recess will be outdoors any time that is possible, parents will be notified to send children prepared to be outside.
