STUDENT INTERNET AND NETWORK PERMISSION FORM

Students in the Sea Girt School will only be granted access to our school Network and the use of the Internet after they have agreed to abide by the following safety and behavioral protocol. This form should be reviewed and signed by students as well as a parent/guardian as evidence of agreement.

Please be reminded that by employing the Internet we call upon file servers worldwide. It is not possible to screen the materials at all of these sites. Information can change at any site daily. It is important for each family to discuss the Internet and set expectations for the kinds and types of materials that are acceptable and appropriate for each family.

In an effort to provide our students with the most recently developed educational tools, as well as with the ability to learn while functioning in the digital world, we have revised our Network/Internet protocol.
